***Allowable Subject Matter***

Claims 22-42 are allowed.

The following is an examiner's statement of reasons for allowance: In view of the newly filed claims on August 23, 2004, claims 22-42 are now deemed allowable because in addition to the allowable claimed subject matters in US Patent No. 6,609,579 in combination with the newly added limitation of "at least one conductor placed along a length of the tubing for providing one of power and two way data transmission to the drilling assembly" in claims 22 and 33 make the claimed invention patentable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
